

## Road Construction on 500 West

Due to the road construction happening on 500 west and Bulldog Boulevard, the road in front of our office is under construction. We ask that you please plan ahead for your appointments. Using University Avenue and turning west on 800 north may help eliminate delays. If you have any questions or would like traffic updates please call the UDOT hotline at 385-250-0606. We do have **an alternate exit/entrance** located towards the back of our parking lot on 600 West. We advise our patients to use this when needed. We apologize for the inconvenience but thank you for your understanding.

Please drive safe and plan ahead!
